Sir:

REQUEST FOR CORRECTED FILING DATE

The subject application was submitted pursuant to the Express Mail Procedure of 37 CFR 1.10. The application, which contained all of the items required under 35 U.S.C. 371, was deposited with the United States Postal Service (USPS) in an Express Mail envelope with sufficient postage for Express Mailing on October 16, 2000 pursuant to 37 CFR 1.10, but the return postcard and official filing receipt (copies enclosed) indicate that the United States Patent and Trademark Office (USPTO) consider the filing date to be October 16, 2000.

Enclosed is a copy of the Express Mail envelope with Express Mail

Label Number EL394034499US and a copy of the Express Mail Certificate dated October 16, 2000 from our files. The Express Mail Certificate dated October 16, 2000 contains a Certification of Express Mailing Date under 37 CFR 1.10 and proper reference to Express Mail Label Number EL394034499US as required by Section 1.10. This information is also contained in the files of the United States Patent and Trademark Office.

Also enclosed is a copy of the Express Mail Pickup Service Statement (PS Form 5541) listing Label Number EL394034499US returned from the USPS. It should be noted that the "sign in" clerk at the USPS inadvertently indicated the "date in" to be October 17, 2000, instead of October 16, 2000. However, it is apparent from the enclosed letter from Bettye Thomas, the Express Mail Administrative Clerk of the USPS, that October 16, 2000 is the correct "sign in" date.

Karyn Lao, the person mailing the papers pursuant to 37 CFR 1.10, has signed a verified statement that the new application was deposited with the USPS in an Express Mail envelope with sufficient postage for Express Mailing on October 16, 2000. The signed verified statement signed by Karyn Lao is attached.

Applicants have complied with the requirements of 35 U.S.C. 371 on October 16, 2000 and are entitled to a filing date of October 16, 2000. Therefore, please update all of the records in the USPTO to indicate that the filing date of the above-identified application is October 16, 2000; and please advise us in writing that the

above-identified U.S. application.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:

To Whom It May Concern:

On October 16, 2000, we, the U S Postal Service picked up Express Mail item # EL394034499US from our customer, Ladas & Parry. Regrettably, we mishandled this item and it entered our mailstream on October 17, a complete day later.

Clearly the U S Postal Service is culpable for this unfortunate incident, not our customer.

Please accept this letter and copy of the Pickup Service Statement, PS form 5541, as irrefutable documentation that our customer mailed this item on October 16, 2000.

Respectfully,
